

# Report of the MACQU demo

## Περιεχόμενα

Type CAUA-6 .....	3
1.Place: Chaoyang Tianning.....	3
Installation Time: 2013-4-21 .....	3
Plants: tomato .....	4
Fertilizers: A variety of single fertilizer and compound fertilizer.....	4
2.Place: Huludao.....	5
Installation Time: 2014-8.....	5
Plants: pepper.....	6
Fertilizers: A variety of single fertilizer and compound fertilizer.....	6
3.Place: Lingyuan.....	7
Installation Time: 2014-8.....	7
Plants: pepper.....	7
Fertilizers: A variety of single fertilizer .....	7
4.Place: Yunnan Academy of Agricultural Sciences .....	8
Installation Time: 2016-3.....	8
Plants: peach trees .....	9
Fertilizers: compound fertilizer.....	9
Type CAUA-12 .....	10
1.Place: Chaoyang Tianning.....	10
Installation Time: 2013-11.....	10
Plants: tomato .....	11
Fertilizers: A variety of single fertilizer and compound fertilizer.....	11
2.Place: Langfang Sike .....	12
Installation Time: 2014-3.....	12
Plants: tomato .....	12
Fertilizers: A variety of single fertilizer .....	13
3.Place: Langfang Huaxia.....	14
Installation Time: 2014-4.....	14
Plants: eggplant, pepper.....	14
Fertilizers: A variety of single fertilizer .....	15
4.Place: Chaoyang Kazuo .....	16
Installation Time: 2014-8.....	16
Plants: seeding and melon.....	17
Fertilizers: A variety of single fertilizer .....	17

5.Place: Shenyang Agriculture University .....	18
Installation Time: 2015-11.....	18
Plants: lettuce .....	18
Fertilizers: A variety of single fertilizer .....	19
6.Place: Yunnan Kaiyuan.....	20
Installation Time: 2015-10.....	20
Plants: rose .....	20
Fertilizers: seaweed fertilizer .....	21
7.Place: Shandong Huimin.....	22
Installation Time: 2015-10.....	22
Plants: tomato, pepper, cucumber .....	23
Fertilizers: A variety of single fertilizer .....	23

# Type CAUA-6

1.Place: Chaoyang Tianning  
Installation Time: 2013-4-21

Students are installing the MACQU system.

The full installed system

The recycle tank.

Wireless sensor node

Substrate

Plants: tomato

Tomato plants in Greenhouse

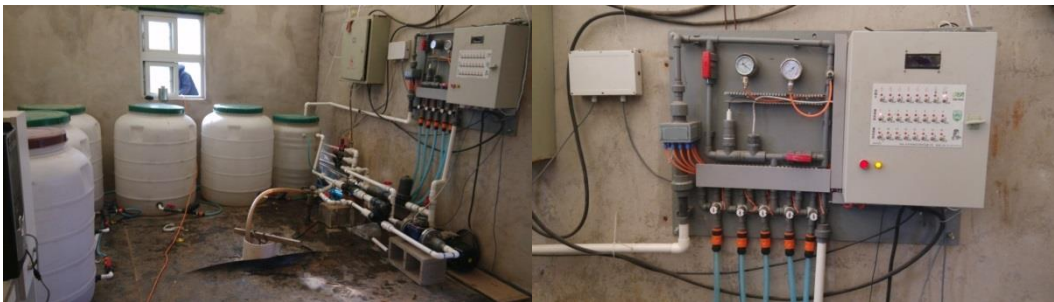

Fertilizers: A variety of single fertilizer and compound fertilizer

The fertilizer tank and irrigation pump.

## 2.Place: Huludao

Installation Time: 2014-8

The full installed system.

The recycle tank and the input well.

Plants: pepper

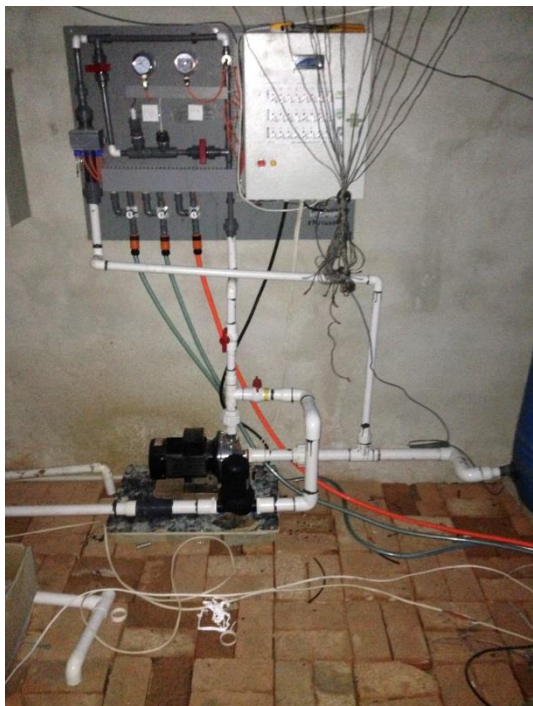

Fertilizers: A variety of single fertilizer and compound fertilizer

The fertilizer tanks.

### 3.Place: Lingyuan

Installation Time: 2014-8

The full installed system.

The recycle line and valve.

Plants: pepper

Fertilizers: A variety of single fertilizer

The fertilizer and acid tanks

4.Place: Yunnan Academy of Agricultural Sciences  
Installation Time: 2016-3

The full installed system.

The input water line, irrigation pump and filters for input and fertilizers.

Plants: peach trees

Peach trees in Greenhouse

Fertilizers: compound fertilizer

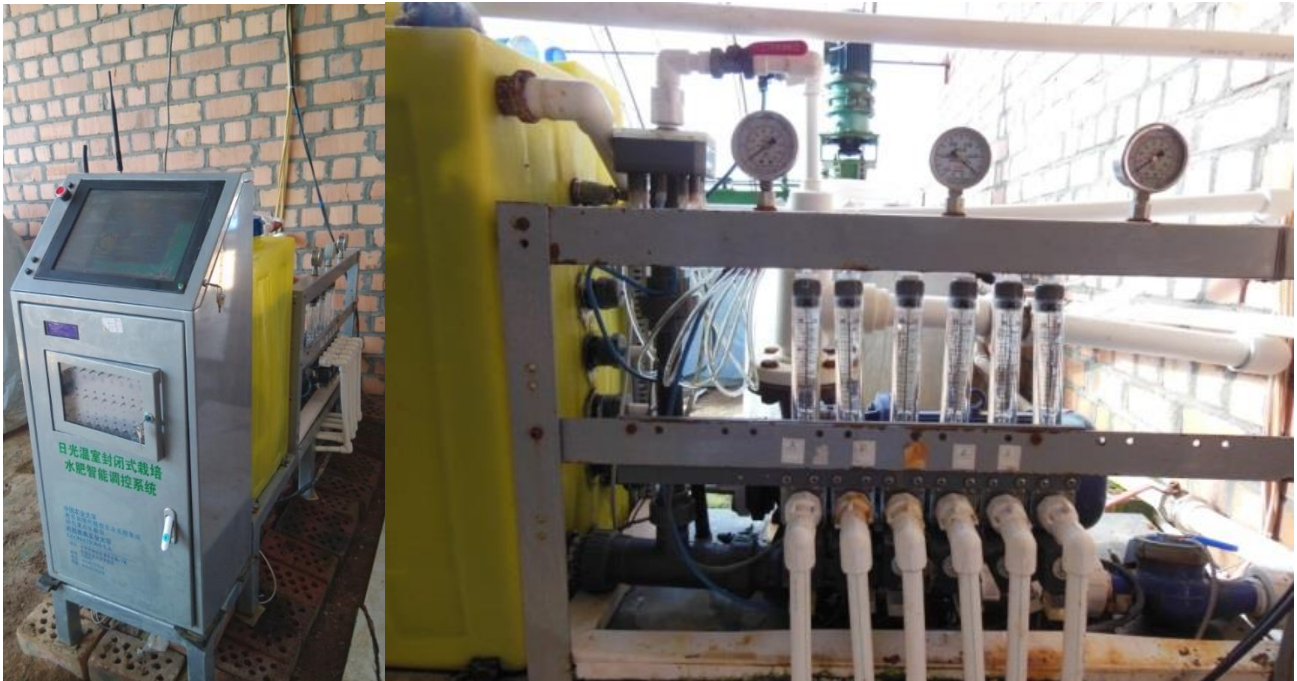

The fertilizer tanks

## Type CAUA-12

1.Place: Chaoyang Tianning

Installation Time: 2013-11

The full installed system.

The wireless sensor node.

Plants: tomato

Tomato in substrate

Fertilizers: A variety of single fertilizer and compound fertilizer

2.Place: Langfang Sike  
Installation Time: 2014-3

The full installed system.

The recycle tank and control valve.

Plants: tomato

Tomato plants in solar greenhouse

Fertilizers: A variety of single fertilizer

The fertilizer tanks

### 3.Place: Langfang Huaxia

Installation Time: 2014-4

Students installing the MACQU system.

Plants: eggplant, pepper

Peppers in greenhouse

Eggplants in greenhouse

Fertilizers: A variety of single fertilizer

The fertilizer tanks

4.Place: Chaoyang Kazuo  
Installation Time: 2014-8

The full installed system.

Substrate and drippers in solar greenhouse

Plants: seeding and melon

Fertilizers: A variety of single fertilizer

Tanks for fertilizers and acid

The fertilizer tanks

5.Place: Shenyang Agriculture University

Installation Time: 2015-11

The full installed system.

Two irrigation line

Plants: lettuce

The recycle tank.

Hydroponic cultivation of lettuce

Fertilizers: A variety of single fertilizer

The fertilizer and acid tanks

6.Place: Yunnan Kaiyuan  
Installation Time: 2015-10

The full installed system.

Plants: rose

Rose in soil

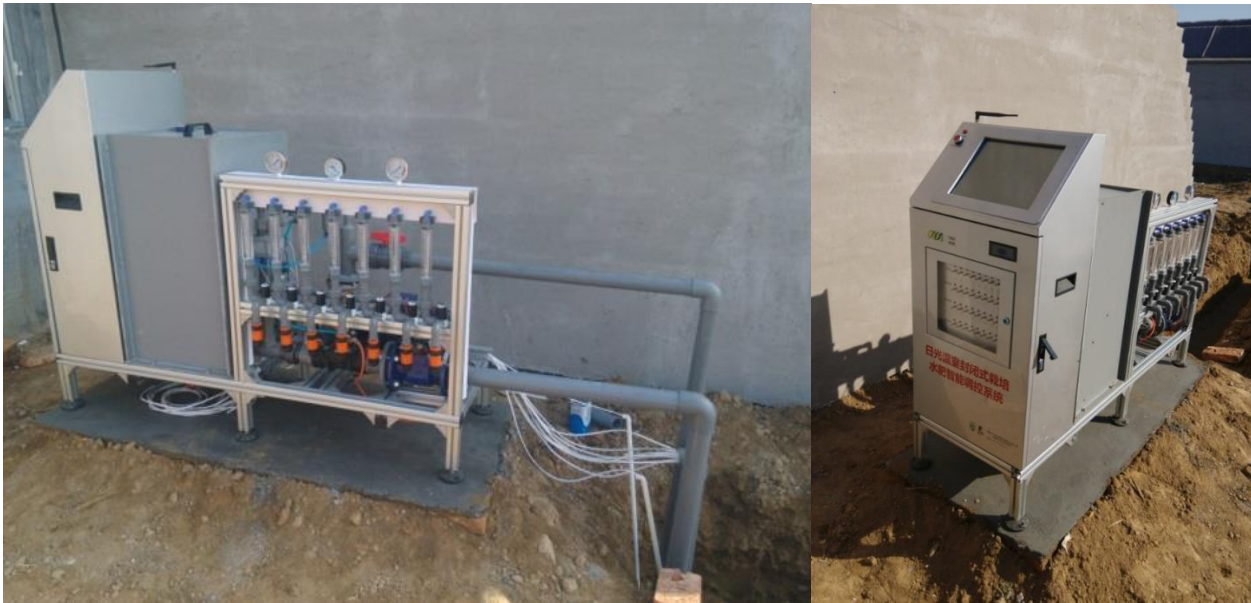

Fertilizers: seaweed fertilizer

The fertilizer tank and the filters for each tank.

7.Place: Shandong Huimin

Installation Time: 2015-10

The full installed system.

The water and wire lines.

Plants: tomato, pepper, cucumber

Tomato in substrate

Pepper in substrate

Fertilizers: A variety of single fertilizer

The fertilizer tanks
