

STAY REPORT

1. Delegation composition, visited institutions and dates.

Composition of the delegation

<i>Num.</i>	<i>Name</i>	<i>Institution</i>	<i>Position</i>
1	Luis Ruiz García	UPM	Professor
2	Pedro María Hoyos Echevarría	UPM	Professor

(* As the most of the stays have been collective visits, reports are structured by delegation in order to simplify management; in the case of a single person stay, just use one line; include as many lines as people composed the delegation *)

Full period of stay

<i>Num.</i>	<i>Name</i>	<i>Start Date*</i>	<i>End Date**</i>
1	Luis Ruiz García	01/04/2014	02/05/2014
2	Pedro María Hoyos Echevarría	14/04/2014	28/04/2014

* *Start Date, when the researcher leaves her/his Institution.*

** *End Date, when the researcher returns to her/his Institution.*

(* State the duration of the stay for any member of the delegation; these can be different *)

Destinations and dates*

<i>Num.</i>	<i>Name</i>	<i>Visited Institution**</i>	<i>Start Date</i>	<i>End Date***</i>
1	Luis Ruiz García	NERCITA	01/04/2014	17/04/2015
1	Luis Ruiz García	TJCC	18/04/2014	19/04/2015
1	Luis Ruiz García	SDAU	20/04/2014	24/04/2014
1	Luis Ruiz García	NERCITA	25/04/2014	02/05/2014
2	Pedro María Hoyos Echevarría	NERCITA	14/04/2014	17/04/2015
2	Pedro María Hoyos Echevarría	TJCC	18/04/2014	19/04/2015
2	Pedro María Hoyos Echevarría	SDAU	20/04/2014	24/04/2014
2	Pedro María Hoyos Echevarría	NERCITA	25/04/2014	28/04/2014

* *During a full stay, different Institutions can be visited; these different visits are enlisted here; generating different records on the stay's database.*

** *Institutions are named by their acronym as detailed in the Annex I.*

*** *When a day includes activities in more than one place, it is selected the place where the most of the time has been used.*

(* The member of a delegation can visit different partners of the counterpart area during a single journey; here you must state the time at every partner; start and end dates of the full period must be considered as limits of the detailed stays *)

2. Technical visits.

Institution/Company:	NERCITA		
Date:	09/04/2014	Location:	Beijing
Person/s of contact:	Bin Xing and Jiawei Han		
Delegation participants:	Luis Ruiz García		
Short Description of the Institution/company:	Visiting NERCITA experimental base		
Comments about the visit:			

Institution/Company:	NERCITA		
Date:	17/04/2014	Location:	Beijing
Person/s of contact:	Li Ming		
Delegation participants:	Pedro María Hoyos Echevarría		
Short Description of the Institution/company:	Visiting greenhouses in Tongzhou district, Beijing		
Comments about the visit:			

Institution/Company:	NERCITA		
Date:	18/04/2014	Location:	Tianjin
Person/s of contact:	Li, Zhenfa		
Delegation participants:	Luis Ruiz García and Pedro María Hoyos Echevarría		
Short Description of the Institution/company:	Visiting research fields of Wuqing Innovation base of TJCC		
Comments about the visit:			

Institution/Company:	Shouguang Exhibition Park		
Date:	20/04/2014	Location:	Tianjin
Person/s of contact:	Li Ming		
Delegation participants:	Luis Ruiz García and Pedro María Hoyos Echevarría		
Short Description of the Institution/company:	Visiting International Vegetable Science and Technology Fair 2014 at Shouguang Exhibition Park		
Comments about the visit:			

Institution/Company:	Daxihuan wholesale market		
Date:	20/04/2014	Location:	Shouguang
Person/s of contact:	Li Ming		
Delegation participants:	Luis Ruiz García and Pedro María Hoyos Echevarría		
Short Description of the Institution/company:	Visiting Daxihuan, wholesale market and auction market for fruit and vegetables		
Comments about the visit:			

Institution/Company:	SDAU		
Date:	24/04/2014	Location:	Feicheng City (Shandong province)
Person/s of contact:	Wang Yan'an		
Delegation participants:	Luis Ruiz García and Pedro María Hoyos Echevarría		
Short Description of the Institution/company:	Visit apple base with traditional model and IOT application in Chaoquan Town, Feicheng City		
Comments about the visit:			

(* Fulfill a specific table for every technical visit *)

3. Speeches and participation in Workshops/Conferences/Courses.

Title of the presentation:	Monitoring Cold Chain Logistics - first part		
Speaker:	Luis Ruiz García		
Organization:*	NERCITA		
Date:	08/04/2014	Location:	NERCITA headquarters, Beijing
Person/s of contact:	Li Ming		
Short summary of the presentation:	New technologies applied to monitoring cold chain logistics of perishable food products. Experience and results of the UPM group		
Public:	NERCITA people		

Title of the presentation:	Monitoring Cold Chain Logistics - second part		
Speaker:	Luis Ruiz García		
Organization:*	NERCITA		
Date:	11/04/2014	Location:	NERCITA headquarters, Beijing
Person/s of contact:	Li Ming		
Short summary of the presentation:	New technologies applied to monitoring cold chain logistics of perishable food products. Experience and results of the UPM group		
Public:	NERCITA people		

Title of the presentation:	Vegetable production in Spain		
Speaker:	Pedro María Hoyos Echevarría		
Organization:*	NERCITA		
Date:	25/04/2014	Location:	NERCITA headquarters, Beijing
Person/s of contact:	Li Ming		
Short summary of the presentation:	Spain is one the largest horticulture producers in the world. During this presentation, the most important characteristics of this production were explained.		
Public:	NERCITA people		

* Indicate the Institution where the talk has been given, and in the case of formal workshops or Congress its name.

(* Fulfill a specific table for every talk developed under the framework of the stay *)

4. Summary of the exchange and research developed.

Prof. Pedro Hoyos and Prof. Luis Ruiz were in China during April 2014. Prof. Luis Ruiz was there for one month and Prof. Pedro Hoyos for half-month aprox. Both had the opportunity to meet some of the Chinese partners of the TEAP project: NERCITA, TJCC and SDAU.

It was a great moment for the exchange of knowledge and experience about horticulture, fruit production and traceability control of agricultural products. All the technical visits were very interesting. Here are some pictures:

Image 1: Visiting the 15th International Vegetable Sci-tech fair at Shouguang

Image 2: Visiting a wholesale distribution center in Shougang, with our colleagues from NERCITA

Image 3: Optimum Techniques of Environment, Fertilizer and Water Management for Horticulture

Image 4: Visiting University research fields at SDAU

(* Free text describing in a short way the exchange/research tasks developed during the stay, indicate if any research result or collaboration statement has been obtained from the visit *)
